

REMARKS

Applicant expresses appreciation to the Examiner for consideration of the subject patent application. This rule 312 amendment is in response to the Notice of Allowance mailed December 5, 2005. Claims 1-8, 11, 13-17, 19-22, 24-32, 34,-43, 47-51, 58, 59 and 66-73 were allowed.

Entry of this Rule 312 Amendment is respectfully requested as it corrects for antecedent basis in claims 37 and 42.

Independent claim 37 and dependent claim 42 have been amended to correct for antecedent basis.

Substance of Interview

Applicant expresses appreciation to the Examiner for the telephone interview on November 27, 2005. During the interview, it was discussed to add the limitation of "the carrier material being light transmissive in at least a translucent manner" to independent claim 1 to place it in condition for allowance, similar to independent claim 1. In addition, it was discussed to delete the limitation of "the polymer polymer carrier material being light transmissive in at least a translucent manner such that the indicia is visible through the polymer carrier material" in dependent claim 42 to be consistent with independent claim 37. The Examiner graciously offered to make the change by Examiner's Amendment. It appears, however, that the entire deleted material of claim 42 was added to claim 37 inadvertently. Thus, present independent claim 37 has been amended to delete "polymer" and "such that the indicia is visible through the polymer carrier material" to correct for antecedent basis (because there is no antecedent for "polymer" or "indicia"), and to be consistent with what was discussed. In addition, dependent claim 42 was amended to delete "polymer" to correct for antecedent basis.

Applicant agrees with the remainder of the "Interview Summary."

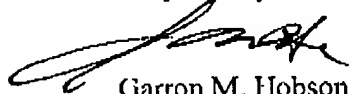

CONCLUSION

In light of the above, Applicant respectfully submits that pending claims 1-8, 11, 13-17, 19-22, 24-32, 34-43, 47-51, 58, 59 and 66-73 are in condition for allowance. Therefore, Applicant requests that this Rule 312 Amendment be entered, and that the claims be allowed and passed to issue. If any impediment remains to entry of this Rule 312 Amendment, the Examiner is strongly encouraged to call Garron M. Hobson at (801) 566-6633 so that such matters may be resolved as expeditiously as possible.

The Commissioner is hereby authorized to charge any additional fee or to credit any overpayment in connection with this Amendment to Deposit Account No. 20-0100.

DATED this 12th day of December, 2005.

Respectfully submitted,
